

Hi, there! My name is Vadim.

I'm a **senior product designer & team leader**
with 9 years of experience.

UI design Research Product design Team leading Design systems

- Launched mobile app for the largest real estate ecosystems in Russia - "M2 Square Meter".
- Developed a design for a worldwide crypto bank "Parity" that is based on user tests and the best industry experience.
- Redesigned the mobile app and website for Russia's second most popular carsharing service "Belka Car" using their support's feedback and UX tests.

2020 - present

M2. Launched iOS & Android mobile apps, tested hypotheses, planned roadmaps, established the processes.

Senior product designer & team leader

UI design User tests Analytics Product design Design system dev. Team management

M2 Square Meter is the ecosystem that resolves any issues with real estate quickly and safely. Find and check housing, apply for a mortgage, register property and make repairs — all in one app.
